FINANCIAL ASSISTANCE

It is the policy of the Youngstown YMCA to provide services, within the available resources, to all individuals who need them, regardless of their ability to pay. We believe we have established fees affordable to the majority of residents. However, those individuals unable to pay the established membership fees may be eligible for partial assistance based on their financial situation. Financial assistance funds are made available due to the generous contributions of our Partners of Youth Campaign. Applications are available in the Membership Office.

For more information contact the Downtown Central or Davis Family YMCA.

NOTE: In addition to all of our activities and classes, there are volunteer opportunities available at the YMCA. Please check with the Service Desk and fill out a Volunteer Form indicating your areas of interest. Thank you for your support.
